DMin Program – Payment Plan Application

Summer Term Payment Plan

Low cost installment plans are available to those Drew Students who cannot pay the full semester charges in advance, and who have not made other arrangements to finance these charges using Private Loans, or in-house Student Aid. You are strongly encouraged to pursue the availability of more flexible or lower cost private loans by contacting the Office of Financial Assistance.

If after understanding all your options, you still desire to make use of this installment plan available through Drew University, you may use it for the current Summer Semester only. It is repayable in four quarterly installments starting July 10th and continuing through October 10th, January 10th, and April 10th. DMin students are expected to pay the first $1000 before the first summer course begins and may finance the remainder of summer tuition using this quarterly plan (this plan may not however, extend beyond Graduation). **There is a $40 non-refundable application fee that must accompany this application.**

Drew University will not approve a payment plan which exceeds the current academic semester charges minus tuition for one course (and housing if applicable). Refunds will not be issued for credit balances that are created by this or any other deferred payment plan that has remaining future payments not yet received.
