Costs, Financial Aid & Scholarships

Costs 2013–2014
Tuition & Fees $42,936     Room & Board $11,944

Financial Aid Facts
- Drew provides more than $28 million in institutional aid to its students each year.
- Ninety-four percent of Drew students receive a grant or scholarship directly from Drew University.
- The average loan debt of Drew graduates is 27 percent less than the average loan debt of students graduating from other New Jersey schools, both public and private.

Scholarship
In addition to merit-based scholarships that are automatically awarded at the point of admission, Drew also offers the opportunity for first-year students to apply for the following:

Civic Engagement Scholarships
Awarded to students who demonstrate leadership in organizing and implementing community service projects. Scholarship recipients are required to join Drew's Civic Scholars program, which includes participation in special classes, workshops, seminars and off-campus service projects.

Presidential Scholarship in the Arts
Awarded to students who have demonstrated exceptional talent in art, music, creative writing or theatre arts, scholarship recipients do not have to major in an artistic field but must continue to remain active in the arts to maintain this scholarship.

RISE Science Scholarships
Awarded to students who have excelled academically and plan to major in biochemistry and molecular biology, biology, chemistry, computer science, engineering, environmental studies and sustainability, mathematics, neuroscience or physics.
