Drew University’s Early College Summer Program invites academically talented junior and senior high school students to take introductory- or intermediate-level college courses at Drew and earn college credit. Early College students share the classroom with college students and are taught by Drew’s distinguished faculty. As enrolled students, Early College participants also have access to all University facilities, including our graduate level library and the Simon Forum and Athletic Center.

Credits earned during Early College study can be applied toward an undergraduate degree at Drew or another school. Through this program, high school students experience college learning first-hand, and demonstrate that they are excited by and capable of handling advanced study.
