Drew University

Assistance Animals Agreement & Checklist

Name of Student: _____________________________________________________________

Animal Description (specify type, breed, size etc.):
_____________________________________________________________________________
_____________________________________________________________________________

CARING FOR ANIMALS IN SMALL SPACES – some things to consider

• Think about the environment (amount of physical space) from which your assistance animal is coming: how much of an adjustment will your on-campus residence space require?
• Think about the adjustment and bonding needed for an animal you plan to adopt: has the animal adjusted to you before you expect it to adjust to life on campus? As much as possible, help your animal adjust to on campus residence life by being proactive: Review care tips at this site: https://www.quicklets.com.mt/blog/32/takingcare-of-pets-in-small-living-spaces

__________ I attach my physician’s evaluation form of my need for assistance. (Document should specify impact of disability on functioning; it should be dated within 12 months of this application).

__________ Documentation should verify the manner in which the animal will address the functional limitations of the disability/diagnosis identified.

__________ Licensing: I agree to adhere to local (Madison NJ) licensing requirements (See https://www.rosenet.org/218/Pet-Licensing.)

__________ I have provided a health certification signed by a licensed veterinarian indicating that my animal is up-to-date on all vaccinations.

__________ I agree to maintain control of my animal at all times, in accordance with Drew’s Animals on Campus Policy

__________ I agree to accompany my animal or to properly secure it in accordance with Drew’s Animals on Campus Policy.

Revised: 2-25-19
I understand that the assistance animal must be on a leash, harness or contained in an animal carrier while in transport and outside of the approved on-campus residence.

I understand my animal must be house broken, well-groomed, odor free, and not infected with external parasites, i.e. ticks, fleas or lice.

I agree that I am responsible for the sanitary disposal of my animal’s waste while on campus, as outlined on Drew University’s Residence Life and Housing website and in accordance with Drew’s Animals on Campus Policy.

I agree that my animal will not be in any facilities outside my residence, except as provided in Drew’s Animals on Campus Policy.

I agree that I am responsible for any damage or personal injury caused by my animal and further agree to pay the University any costs associated with clean up or otherwise remedy any damage caused by my animal.

I understand that others may be impacted by the presence of my animal in a residential setting. As a result, I understand and agree that I or another student may have to be relocated at the discretion of the University after consultation with impacted parties.

I understand that I must comply with all the requirements and agree to the restrictions as outlined in the policy, procedures, agreement and checklist.
